Federation: BIOGRAPHICAL QUESTIONNAIRE

No.

Comrade:

Section:

Before filling out this biography, read the following carefully:

Filling out one's biography is an important duty.

Explain yourself clearly, without useless phrases, without omitting the slightest detail which might give information to the Party, from which one should conceal nothing. During his life, a militant member may be called upon to fill out several biographies, and, therefore, he should reply every time with just as many details and with just as much clarity, while adding thereto the new events which have taken place since the last time.

NOTE: In the replies which require more lengthy treatment, it is necessary to make a separate report on a separate sheet of paper, at the top of which it is sufficient to mention the questions asked in the biographical questionnaire.

If you have been interned, imprisoned, or deported, it is necessary to write your answers on the additional sheet reserved for that purpose.
